About This Game

A girl who suddenly lost both her parents.
And a suspicious woman who introduced herself as a friend of her father's.

The girl is forced to accompany her and arrive at a strange mansion without a window.

While looking around the mansion, She overhear the conversation between an old man and the suspicious woman.

They found a girl and went outside to avoid her and continue the conversation.

A lightning bolt destroys the front post of the gate and locks the girl inside the mansion.

There she faced a creature and tried to escape from it.

Key Feature—

- ▶ Player behavior determines the affinity of other characters. As a result, the ending of the game changes.
 - ▶ You can walk around rooms on same floor without loading.
 - ▶ Smooth movement with many frames.
- ▶ I developed AI to increase tension, so The 'Stalker' is not only just chase player, also tracks traces of player.
- ▶ This game used 3D sound. That's why the sound changes depending on the position and orientation of the player.

Developer Message

Hello, I'm Yorm, the developer of 'Unknown.'

Scenarios, graphics, program-creating, some sounds, all by myself, it took me a while to work alone.
I promise you a continuous update because I know that there are a lot of games that I don't have yet.
I'll be a more advanced developer, so please keep an eye on me. Thank you.
